Youth Bible Study

We are looking into purchasing a year of HS curriculum from Orange: <https://thinkorange.com/>

It is a complete Bible Studies, with videos, leader guides, daily devotions for students (on paper or through an app), a parent guide, a social media plan . . . they have really thought of everything!

The studies are organized by topics in 3-5 week series.

Other Possible Bible Study Resources:

Right Now Media

Sadie Robertson Huff and Tim Tebow Bible Studies were popular at Quake.

Volunteers:

Please talk to Jenn if you would like to volunteer!

If you would like to lead a Bible study for youth, we are looking to rotate volunteers through different topics. You would commit to about 3-5 Wednesdays in a row, then have a break.

If you would like to help with food or fun, we are looking at a variety of events coming up! Talk to Jenn or check out the sign-up genius.
